

# Procurement & Supply Chain Business Partner Dalcq

## Company

Dalcq is a Belgian company, active in household appliances for almost 50 years. Their brands are part of the daily life of many households and are passed on from generation to generation. Since 2012, Dalcq decided to expand its range with a second activity: the distribution of international high-quality brands in small household appliances, which allows them to meet all the needs of the customers!

Since 2017, under new owners and strategies, the company has changed its pace and is now growing fast (40% per year). The objective is to keep on with this speed and build a strong team to create the basis for a best performing company. In this context, the new employee will arrive in a company full of opportunities.

## Role purpose
